GENERAL INFORMATION

FROM GEORGE'S DESK

The Greensburg Y continues to be the front porch of our community, reaching people in Greensburg and the surrounding areas. We are a cause-driven non-profit dedicated to Youth Development, Healthy Living and Social Responsibility. We have provided many upgrades to equipment and the facility over the past several years which add value to membership. We offer quality programs that help youth to succeed, adults to achieve fitness goals, families to bond and seniors to live high quality lives. As a non-profit, the Greensburg Y continues to give back to the Community through financial assistance toward programming and membership through the generous donations of Y members and friends. We are here for the Community, this distinguishes us from other fitness facilities. As you look through this brochure, you will see that we are more than a gym and swim, we are more than a fitness facility.

We are the Y, we are so much more.

Regards,
George O'Brien, Chief Executive Officer

Levels 2–5 are considered the compulsory levels. These levels are progressive by nature, building upon the skills required at the previous level. There is a set routine for each level that is determined by USAG, the governing body of gymnastics. Compulsory levels ensure that gymnasts have a strong gymnastics foundation before advancing to more difficult levels.

Levels 6–9 are considered the “optional” levels because, in these levels, each gymnast has their own unique routine. Although these routines focus on the strengths of each gymnast, the routines must satisfy certain difficulty requirements. Gymnasts in these levels are working on advanced gymnastics skills.

This testing includes swimming crawl stroke with rotary breathing for 40 feet, treading water for 60 seconds in the deep end, and swimming on their back for 40 feet. Participants that fail the test will be required to swim in the shallow end only. This test will be performed at the YMCA Pool as well as at Veterans Memorial Pool at Lynch Field.

FINANCIAL ASSISTANCE

The Greensburg YMCA strives to never turn any child away due to the families inability to pay for programming. With that in mind we will accept two forms of assistance in defraying the costs of camp. One way is through the YMCA Annual Support Campaign. The YMCA is able to grant scholarships to families in need due to the generosity of local businesses and individuals who donate monies to the campaign. We encourage those who may not be able to afford child care services on their own to complete a Financial Assistance Application and submit it to the Welcome Center of the YMCA to the attention of Kathi Betton. Please allow up to four weeks for processing. Additionally, the Early Childhood Learning Center accepts payment from the Early Learning Resource Center (formerly known as Child Care Information Services, CCIS). Families should contact the Early Learning Resource Center to inquire if they are qualified (724-836-4580).

- The addition of a Multi-Purpose Community Room
- A relocated, larger, and enhanced Child Watch
- A new Teen Zone
- A Personal Training/Heavy Lifting Room
- A dedicated Weight Room
- A relocated and larger Cardio Room

Locker room renovations include:

- Total renovation of the female locker room with a functioning sauna
- Total renovation of the male locker room to include a steam room and ADA compliant shower and toilet
- Addition of family changing rooms to meet the demand of families, individuals with special needs, and large groups of children's activities (such as camp and weekly swimming)
